Dear Mr Stokes

BRE assessment report no. CC 258236

Further to your recent request, I am writing to confirm that BRE assessment report no. CC 258236, which covers the fire performance of your MTFD single-leaf access panel when mounted in non-loadbearing ceiling membrane and partition systems, may be used in lieu of test data to show that the access panel meets the requirements of Approved Document B of the Building Regulations.

If you have any further queries regarding this subject, please let me know.

Yours sincerely

Andrew C Russell
Senior Consultant
